Boy Run Over By Automobile

Wilson Bartlett, aged 8, son of Mr. and Mrs. Asa Bartlett, who reside on Pearl street, was knocked down and injured by a car driven by Charles P. Kimball, shortly after 5 o'clock Wednesday afternoon. The boy sustained numerous bruises and thoroughly shaken up. No bones were broken and if no internal injuries develop, the little fellow has a chance to pull through all right. The accident came as a severe nervous shock.

The accident occurred while Wilson and a number of boys were playing ball in the street opposite his home. Eye witnesses claim the automobile approached at a high rate of speed. The radiator struck the boy and rolled ahead of the car, between the front wheels, passing over his body. Fortunately he escaped the wheels and the bruises were sustained from the impact and during the rolling process as the car rattle over him. He received medical attention at his home.

Mr. Kimball was taken into custody by Deputy Sheriff Harry O. Stinson and charged with operating a motor vehicle while intoxicated. He was arraigned in the Norway Municipal Court before Judge Wm. F. Jones, Thursday forenoon and pleaded not guilty. As his attorney was not in town, a continuance was granted to Monday at 9 A. M. The respondent was held in the sum of \$300 for his appearance at that time.

Norway Parties in Automobile Accident

Fred H. Cummings had three ribs fractured and other serious injuries. Mrs. J. P. Plummer received severe cuts on the cheek and Mrs. Mary Canwell was badly shaken up and bruised when the auto in which they were riding smashed into a tree.

The accident occurred Saturday afternoon near the junction of the Lake and Crockett Ridge roads. Mr. Cummings was carrying Mrs. Plummer to her home at The Laboratory, above Norway Lake village, both occupied the front seat, Mrs. Canwell and two collie dogs were in the seat behind. One of the dogs leaped over the seat from behind. Striking Mr. Cummings suddenly, the wheel crumpled and the car left the highway and smashed into a tree. Mrs. Plummer was hurled against the wind shield and received a gash requiring four stitches to close. Mr. Cummings fell against the wheel and was badly injured. Mrs. Canwell, although somewhat protected from the shock, was hurled from the seat and sustained painful bruises. She was unconscious for a short time. She will be unable to leave her home for several weeks.

The injured ones were treated at their homes and still under the care of physicians. The English collie that started the trouble escaped to parts unknown and for several hours could not be found. The front of the car was smashed, but otherwise uninjured.

Pythian Sisters Roll Call

Lake Temple Pythian Sisters held their annual roll call, supper and entertainment Tuesday evening at the K. of P. hall. Supper was served to about eighty members and visitors at 6:45 p. m. under the supervision of Mrs. Harriet Brown, Mrs. Robina Sharon, Mrs. Alice Gurney, Mrs. Tena Burnell, Mrs. Rachel Brown and Mrs. Mary Kimball. Sixty-two members beside several visitors responded to the roll call. The regular meeting followed after which the company gathered for sociability.

The social program included a musical number by Herman Jenkins, violin; Albert Clark, piano; and Kenneth Goodwin, soprano soloist. After a selection by an orchestra, Mrs. Rachel Brown gave readings which were greatly appreciated. A May basket containing chocolates offered considerable sport, this was carried away by Frank Barrows of Hamlin Lodge, South Paris. The committee in charge of the program comprised Mrs. Margaret Dyer, Mrs. Sadie Lapham and Mrs. Lydia Whitman.

Dancing concluded the evening entertainment, with music furnished by Mrs. Daniel Dulles, Roy White and George Waters.

Herbert H. Hosmer, Jr., has gone to Sugar Island to guide fishing parties for a few weeks.

Mrs. Fannie Clark, Mrs. Annie Sessions, Mrs. Claribel Sanborn, Miss Helen Holmes and Miss Charlotte Lovejoy went to Rumford, Saturday afternoon and surprised Mrs. Harriet Porter, a former Norway friend. A pleasant trip was enjoyed. Mrs. Clark furnished transportation and acted as chauffeur.

The dance given Tuesday evening at the Grange Hall by Mrs. Marguerite Johnson of Boston, was well attended and a pleasant evening enjoyed. Music was furnished by Anderson's orchestra. Mrs. Johnson's daughter, Mary Elizabeth, gave a fine exhibition of toe dancing. Ice cream was served at intermission. Mrs. Johnson plans to hold classes here again in the Fall.

Selectman George F. Hathaway: "No action has been taken regarding the daylight saving plan. No requests for moving the clock hands forward have been received in our office. We are jogging along in the same old way." This statement will be published in various newspapers.

Among the local Masons who attended the Annual Masonic Convention at Portland this week are: Howard D. Smith, Junior Grand Warden Lee M. Smith, Geo. W. Holmes and Donald B. Partridge. D. Smith was missed but one or two days during the past few years. Geo. W. Holmes has been a regular attendant the past thirty-four years and makes the occasion an annual vacation.

After the regular meeting Friday evening of Mt. Hope Rebekah Lodge, a buffet lunch will be served. The committee in charge is Mrs. Etta Lebroke, Mrs. Florence Hosmer, Alice Hall and Mrs. Luna Taylor.

Mr. Philip Barry of Oxford arrived this week and will spend the summer with her parents, Mr. and Mrs. Joseph Dubey.

Ernest B. Jackson's bull dog returned home Wednesday afternoon with his head bristling with porcupine quills. One of the local physicians administered ether and some time was spent removing the sharp barbs.

Howard Lasselle is located for the summer at Belgrade Lakes and likes the water. In his hand has disappeared and he has full use of the arm.

Francis M. Carroll returned Sunday from the Central Maine General hospital where he was treated for an abscess under the right arm. The trouble commenced several weeks ago with an infected finger, resulting in blood poisoning. His condition is improving but only light work can be performed.

Ozell C. Rich has been engaged by Ripley & Fletcher of South Paris as salesman and demonstrator for automobiles and trucks.

Tim Heath's crew are laying cement walk and steps in front of L. J. Brooks store.

George Seavey has made numerous improvements to the interior of his house on Elm street. He is clearing the lot and has set out fruit trees. Underground drainage and a veranda are coming later.

Rev. R. J. Bruce Receives Call to Syracuse

The following is from the Portland Evening Express:

"Rev. Robert J. Bruce, for more than three years pastor of the St. Lawrence Congregational (Wright Memorial) Church of this city, has received a unanimous call to the pastorate of the Plymouth Congregational Church of Syracuse, N. Y. and he will seriously consider its acceptance."

The Plymouth Church, with a membership of 700, is reputed to be the most important Congregational church from the standpoint of influence and wealth in New York State, outside of the Metropolitan district. It was organized in 1853 and in the 70 years of its history has had only three pastors and Mr. Bruce, in case of its acceptance, will therefore be the fourth. The church society grew out of the Abolition movement before the Civil War. It was a church of slavery, which it took a notably strong stand on this vital question. The recent pastor of the church was Dr. Edmund K. Burnham, who resigned to accept a call in Stamford, Conn.

"The Syracuse church is to be completely renovated during the summer, and the Portland pastor, providing he accepts the call, will enter upon his duties there in the fall. The auditorium of the building is to be redecorated in old ivory and mahogany. The chapel is also to be redecorated and the extensive improvements will include a "ramp room" for the children, located in the basement."

"Although Mr. Bruce was born in Niles, Michigan, his early life was spent in Albany, N. Y., about 140 miles from Syracuse. He received his elementary education in the public schools of Albany. He attended Nyack Institute for his theological training and following his graduation he served as a missionary for three years in Florida. While in the South he preached for one year in the Apoka Presbyterian Church. He then came to Maine, preaching for 18 months in the Otisfield Congregational Church and going from there to Norway, where he remained for seven years."

"Mr. Bruce assumed the pastorate of St. Lawrence Church in January, 1918 when he succeeded Rev. Clifford Snowden. He has been prominently associated throughout the entire time with the church activities of the City and the State. He is president of the Church Federation of Portland and South Portland, having this year been elected to this position. He is president of the Cumberland Association of Congregational Churches and Ministers. He is the first vice president of the Congregational Club of this City. He is officer of Congregationalism which is the State organ representing this denomination. For the past two years he has served as secretary of the Opportunity Farm Association. He is also chairman of the nominating committee of the Maine State Conference which meets in Bangor May 9, 10, and 11."

"The call which Mr. Bruce received Wednesday morning was extended by a meeting held in Syracuse Tuesday evening. Mr. Bruce was officially notified by William Spalding, chairman of the pulpit committee, to whom he will render his decision as soon as it is fully made."

This was the annual meeting of the D. A. R. The old officers were re-elected: Regent—Mrs. Harriet C. Brown. Vice Regent—Mrs. Harriet C. Brown. Secretary—Mrs. Eva C. Kimball. Treasurer—Mrs. Laura A. Sanborn. Registrar—Mrs. Jennie C. Sargent. Historian—Mrs. Jennie C. Foster. The other committees elected were:

Patriotic Education—Mrs. Gertrude H. Barker. Flora M. Richards. Educational—Mrs. Gertrude H. Barker. Magazine—Mrs. Emma A. Cullinan. Historical Use of the Flag—Mrs. Nellie L. Divinal. Historical and Literary Reciprocity—Mrs. Edith S. Bartlett. Press and Publicity—Mrs. Lena M. Andrews.

Program—Mrs. Gertrude W. Libby. Program—Mrs. Eva C. Kimball, Mrs. Laura A. Sanborn, Mrs. Jennie C. Foster.

The meeting was held Wednesday evening with Mrs. Edith S. Bartlett. Each member carried a plate of good things for refreshments and there was a big success. The roll call was answered by facts from the constitution.

The parliamentary study was on committees. There was a "musical romance and wedding"—the questions by Mrs. Eva C. Kimball and the answers by Mrs. Edith S. Bartlett. D. W. Martin. Press and Publicity—Mrs. Lena M. Andrews.

Mrs. Clara A. Hayden

After about three weeks of failing health, Mrs. Clara A. Hayden passed away at her home on Pleasant street Saturday evening. Her age was 98 years and she was the oldest native of Norway. She had enjoyed unusually good health to the time of her last illness, being vigorous in body and mind.

Mrs. Hayden was born at a clearing in the northern part of this town on January 25, 1829, the daughter of Baker and Rebecca (Stevens) Ames, and granddaughter of Samuel Ames, a Revolutionary patriot and first to occupy a frame dwelling in the confines of Norway village. A few weeks after her birth the family moved into the mill settlement at the outlet of Lake Pennessewassee, and occupied a small frame building, which is a part of Mrs. Sarah Cole's residence at the head of Main street. She attended the first public school in the upper settlement and received advanced learning in a re-modeled barn, corner of Paris and Main streets. Later the Liberal Institute with better accommodations was organized.

Her marriage to John L. Hayden of Boston took place on Nov. 25, 1847. She resided in that city until two years later. Mr. Hayden joined the "Fog Niners" in the gold rush in California and she returned to the homestead to reside during his absence. Upon his return they built a home on Pleasant street where she resided fifty years and more. Mr. Hayden passed away Sept. 23, 1876. For many years her daughter Mrs. Clara A. Drake and her husband Dr. P. E. Drake have occupied the home and given her every attention. Practically her whole life had been spent in Norway except the few years following her marriage and frequent visits at the homes of her children in Massachusetts.

Mrs. Hayden possessed a wonderful memory and was ever ready to converse on early events in town. She often sighed for the days when Ames pine grove was a playground for children in the upper settlement, and the pride of the Ames family. When the property was transferred to others she had the honor of suggesting a name "Ordway's Grove."

She leaves nine children: Mrs. Emma J. Caffin and Henry Hayden, Buckfield; Mrs. Clara A. Drake and Eugene F. Hayden, Norway; John J. Hayden, South Paris; Samuel H. Hayden, Manchester, N. H.; Annie F., wife of Frank H. Knight, Rochester, Mass.; Frank A. Hayden, Chelsea, N. H.; Caroline L., wife of Howard Winchester, Manchester, N. H. There survive several grand children and great grandchildren.

The funeral was held at the home Tuesday afternoon, Rev. C. G. Miller officiated. Mrs. Bernice Nash Hill rendered a beautiful solo. The four sons were the bearers. Interment at Rusfield.

Mrs. Antonie Neime

Mrs. Elizabeth Neime, wife of Anton Neime, passed away Friday at the Central Maine General Hospital at Lewiston where she had gone the Tuesday previous for treatment.

She leaves her husband and six children. Field Drivers and Fence Viewers: Lewis Fogg, L. S. Sessions, Carl Austin, Horace E. Millett.

Mr. and Mrs. Charles W. Chick motored to Biddeford, Old Orchard and Biddeford Pool Sunday. They spent some time with their son Howard Chick, at Biddeford and inspected the new pharmacy carried on as "The Clark & Chick Drug Co." The boys are having a big trade and recently installed a soda fountain of the latest design.

Plans are being made for the Mother and Daughter Banquet which will be held May 17 at the Norway Grange Hall. The affair is in charge of Mrs. A. L. Sikkenga, Mrs. Norman U. Greenlaw, Mrs. Frank DeCosta and Mrs. Murray Bussell.

Mr. and Mrs. S. O. Jellerson are at Sugar Island, Moosehead Lake, on a fishing trip.

Second Piano Recital

The second of a series of three recitals given by the pupils of Miss Ruth Cummings was held at the home of the teacher, Saturday afternoon. The program was unusually interesting in that every number has been prepared since the February recital. The third and last recital of the season will be given the last of June.

A New ESSEX

It was to prove ability and enduring qualities far beyond what any light car had ever shown that Essex made the tests resulting in its famous world's records.

But performance and reliability are not its only appeal. Its beauty of line and luxury of appointment are the work of years of leadership in car design. See the care and completeness even in the smallest detail. Its riding comfort and smooth, quiet running ease are qualities you will compare with high-priced cars. Yet Essex also gives light car advantages such as unusual tire, fuel and oil economy.

Judge it, not by the light car standards you have known, but by the much more exacting requirements of the large, costly cars. That is what makes it price all the more wonderful.

The Oldest Paint in the Newest Form

Dutch Boy Liquid Lead

Liquid Lead is simply the old-fashioned lead-in-oil, ready for use, mixed by the manufacturer of the white-lead instead of by the user. It is white paint and does not come colored, but can be tinted to any desirable color. It has the quality of the best white-lead paint, the convenience of being able to start painting as soon as the can is opened and the satisfaction of using a Dutch Boy product.

Dutch Boy Flat White

When a flat or semi-gloss finish is desired, as for interior walls and woodwork, use Dutch Boy Flat White. This is also a pure white-lead paint, but is designed to give flat effects, delicate in color, rich in tone, yet durable and washable.

Dutch Boy Paint is Economical

because of its great spreading capacity, which makes its cost per square foot less than many paints which cost the same per gallon and also because of its great wearing qualities. As it contains only pure materials and weighs over twenty pounds per gallon, it can be thinned and tinted in any manner desired. Call and investigate or send for a descriptive booklet.

The Pratt Mill has been closed for several days for repairs but is running again.

Horace Howard was a recent guest at P. J. Hall's.

Many from this neighborhood attended the Minstrel Show at Oxford Village. Word has been received of the safe arrival in Montreal of the Lone Star Wild West which has a contract to play Eastern Canada for the season with the Canadian Allied Show.

J. F. Fuller recently made a trip to Great Island to look over a dam and sea-wall on the estate of Hermann Barr. Forest Thomas, who had the misfortune to seriously injure one of his team horses, has purchased a black mare to complete the team.

FRYBURG

Mr. and Mrs. Benjamin T. Newman, who spent the winter in Florida, returned to their home in Fryburg on Tuesday night, April 25. They came in their car, making a leisurely journey from the South, visiting their son and friends on the way.

George O. Warren and family have received a fine salmon from Lake Kezar, North Lovell; it was a gift of Mrs. Earl P. Gregory, who caught it herself. Dr. Gregory and his friends are enjoying, very much, their fishing trip to the lake.

Mrs. Edward E. Hastings visited Portland recently. Mrs. Hastings remained in the city a few days, where she was the guest of Mrs. Herbert A. Clay.

Mrs. William B. Bradley visited Portland on Tuesday. Her daughter Annie Cary Bradley, was one of the Fryburg artists who exhibited paintings at the exhibition of the art society in Portland.

Hattie A. Pike of Fryburg, a teacher of art in the New Church School at Waltham, Mass., and Jane Sewell, a former resident of the town, were the other Fryburg artists having some of their paintings in this exhibition.

Mr. and Mrs. Jerome Bickford have been among the recent guests of friends at North Chatham, N. H.

Dr. and Mrs. Earl C. Gregory, Charles Gray and Harold Gray have been spending a few days at Lake Kezar, North Lovell, recently. Charles Gray caught, a day or two ago, a large salmon weighing 14 pounds. Mr. Gray is the well known game warden.

Wallace Reed Tarbox is seriously ill from heart trouble at his home on Portland street.

Ellen B. Eastman, who has been spending several weeks with relatives in Maine, New Hampshire and Massachusetts has returned to her home in North Conway, N. H.

H. F. McFarland, who has been spending some time at Ye Inn, has returned from a fishing trip to Lake Kezar, North Lovell.

W. Kneeland and family have moved into the house on Elm street formerly owned by the late Mrs. Sarah J. Allen. It is hoped that the change of residence may result in the improved health for their daughter, Ruth Kneeland, who has been suffering from severe attacks of asthma.

PIGEON HILL

Mrs. Allie Morse of Lewiston was the week end guest of Mrs. John King.

Walter Gammon, Philip King and Martin Strout went smelting over in Raymond last Tuesday and Wednesday evenings.

Charles Denning has bought a new driving horse and express wagon.

Charles Jordan's cousin, Miss Bailey and mother of Harris Hill, who has kept house for Mr. Jones of Oxford for the past six months, is coming to stay a while with Mrs. Jordan.

Mrs. Mary May is visiting Mrs. Clarence Graffam.

Mrs. Herbert Mayberry is having her kitchen repainted and whitened.

Ralph Warren is working for Augustus Thayer.

Herbert Mayberry, Philip King and Charles Holt of Norway are working for C. K. Denning.

Mrs. Isabel Noyes was at Elmden Farm for a few days recently.

East Stoneham, Maine, March 15, 1922
To the Honorable County Commissioners of the County of Oxford, ss.
Virginia Brent Jones commorant at East Stoneham, in the County of Oxford, respectfully petitions your Honorable body and shows:

1. That she is the owner of a certain piece of land situated in the town of Stoneham, and bounded and described as follows, to wit: A certain piece of land, to be used as a Public Landing, laid out for the use of the town of Stoneham by the Selectmen thereof, which said land upon the easterly side of Virginia Lake in said Stoneham, on land owned by Virginia Brent Jones, and at the end of the road laid out by said Municipal officers of said town of Stoneham, 1921, said land to extend from the Northern end of said road Southward along said road one hundred (100) feet and thence Westward at right angles to said road to low water mark on said Lake; thence North along said water line one hundred (100) feet, and thence to the place of beginning.

2. That on the 9th day of February, 1922, the Selectmen of the town of Stoneham caused the inhabitants of the town of Stoneham qualified to vote in town affairs to assemble at the schoolhouse in the village of East Stoneham in said town of Stoneham on the 18th day of February, 1922, to see if they would set upon the petition of Virginia Brent Jones and twelve others to lay out a public or common landing in said town and vote to accept the proposed landing described as aforesaid.

3. And your petitioner shows that on the 18th day of February, 1922, in pursuance of said notice given as aforesaid, the voters of said town met at the place specified in said petition and of the town of Stoneham for the consideration of the voters of said town. And your petitioner further avers that the voters in said town voted in said town meeting to lay out a public landing on the land above described, and did vote to raise the sum of Ten (\$10.00) dollars to pay the land damage thereon, which said amount was fixed by the Selectmen in the laying out of said road as compensation to the undersigned for the land so taken.

4. And your petitioner further alleges that the Selectmen did not lawfully lay out the road at the end of which they seek to establish the public landing or wharf.

5. That the said Selectmen had no right or authority to lay out the road leading to the location of the said public landing or wharf. That the Selectmen of said town had no right or authority to lay out the public landing where they did or in the manner they did.

6. That the road leading to said landing site so located by the Selectmen of the town and the town is entirely unnecessary, and so is the landing mentioned and described herein, and from this petition an appeal is entered because the road is unnecessary, and the landing is unnecessary, and the laying out of said public landing and the road leading thereon was merely a subterfuge to obtain under this proceeding certain shore rights to Virginia Lake.

7. That the laying out of said landing from which this appeal is taken, is all on the private property of the undersigned.

WHEREFORE YOUR PETITIONER PRAYS, that you will give notice to all interested persons in manner provided by law, and on hearing will decide that public necessity or convenience does not require the establishing of the public landing mentioned above, and that public necessity and convenience does not require the establishing of any road leading thereto.

Virginia Brent Jones.

STATE OF MAINE
COUNTY OF OXFORD, ss.
Board of County Commissioners, December Session, 1921; held by adjournment April 13, 1922.

Upon the foregoing Petition satisfactory evidence having been received that the petitioner is responsible, and that inquiry into the merits of her application is expedient, in its ORDER, that the County Commissioners meet at the Knights of Pythias Hall, at East Stoneham, Maine, Thursday, June 15th next, at ten of the clock A. M., and thence proceed to view the route and landing site mentioned in said petition; immediately after which view, a hearing of the parties and their witnesses will be had at some convenient place in the vicinity, and such other measures taken in the premises as the Commissioners shall judge proper. And it is further ORDERED, that notice of the time, place and purpose of the Commissioners' meeting aforesaid be given to all persons and corporations interested, by causing attested copies of said petition and of this order thereon to be served upon the Clerk of the Town of Stoneham and also posted in three public places in said town, and published three weeks successively in the Norway Advertiser, a newspaper printed at Norway in said County of Oxford, the first of said publications each of the other notices to be made, served and posted, at least thirty days before said time of meeting, to the end that all persons and corporations interested therein may appear and show cause, if any they have, why the prayer of said petitioners should not be granted.

East Stoneham, Me. October 29, 1921.
To the Honorable County Commissioners of the County of Oxford, Virginia Brent Jones, commorant at East Stoneham in the County of Oxford, respectfully petitions your Honorable body and shows:

1. That she is the owner of a certain piece of land situated in the town of Stoneham, and bounded and described as follows, to wit:

Commencing at a point on the highway running from East Stoneham to or near Virginia Lake, at a point N. 54 degrees E. 20 feet (3) rods and ten links from the center of bridge crossing the outlet of Virginia Lake, thence N. 17 degrees East 5 rods 10 1/2 links; thence North 5 degrees East 10 rods and 9 links; thence North 8 degrees 30' West 10 rods and three links; thence North 4 degrees 30' East 7 rods and 8 links; thence North 11 degrees East 7 rods and twenty-three links; thence North thirty minutes East 6 rods and nineteen links; thence North 23 degrees West 9 rods and twenty-two links which is the end of said road; these courses are the center line of the way and are three rods wide on each side of the center line of the way, and the center line of the way is the center line of a three rod wide road on the easterly side of courses given and on the westerly side of courses given it goes to the water of Virginia Lake.

11. That on the twenty-fourth day of September, 1921, the Selectmen of the Town of Stoneham caused the inhabitants of the town of Stoneham qualified to vote in town affairs to assemble at the Schoolhouse in the village of East Stoneham, in said Town of Stoneham, on the 4th day of October, 1921, to see if they would vote to accept the petition of Virginia Brent Jones and twelve others to lay out a public or common landing in said town and vote to accept the proposed landing described as aforesaid.

12. And your petitioner shows that on said Fourth day of October, 1921, said inhabitants did meet at the place aforesaid, at the time aforesaid, and did vote to build said road, and did vote to raise \$125 to pay damages to the land of the undersigned for the road so laid out by the Selectmen of said town on the 4th day of October, 1921, which said vote was the same described in paragraph one of this petition.

13. And your petitioner shows that on said Fourth day of October, 1921, said inhabitants did meet at the place aforesaid, at the time aforesaid, and did vote to build said road, and did vote to raise \$125 to pay damages to the land of the undersigned for the road so laid out by the Selectmen of said town on the 4th day of October, 1921, which said vote was the same described in paragraph one of this petition.

14. And your petitioner alleges that the Selectmen did not lay out said road on September 24, 1921, alleged in said warrant, and that said road was laid out in August, without any petition therefor.

15. That the said Selectmen had no right or authority to lay out said road as mentioned and described herein.

16. That said road is entirely unnecessary and its pretended laying out is a subterfuge to obtain under this proceeding certain shore rights to Virginia Lake.

17. That this road was laid out and attempted to be laid out without any justification therefor, and that out on the private property of this petitioner without right, necessity or justice.

18. Wherefore your petitioner prays that you will give notice to all interested persons in the manner provided by law, and on hearing will decide that public necessity or convenience does not require the establishing of the road as attempted to be laid by said Selectmen.

Virginia Brent Jones.

NORWAY AND VICINITY

Local News from West Virginia
Mrs. Jane Russell of Terra Alta, West Virginia, formerly of East Stoneham, Me., says:

"I'm not able to stand the journey to Maine this year. Mother died last February and not until then did I realize I was old and almost worn out. I did not have one night's rest a week for more than a year and I'm now feeling the effects of it."

The pear, plum, and peach trees are in blossom and a heavy freeze came preceded by snow and probably his year's crop is ruined. Baldwin apples sold in Terra Alta last winter two pounds for 25 cents.

Mrs. Russell wishes to be remembered and hopes at some future time to visit her old home and friends in Maine.

Earl Pierce, a bright ten-year old student living on Crockett Ridge is the first to bring strawberry blossoms to this office. He picked the fully developed flower in the Adams field near the bridge on April 30.

The ancient barn behind the Fuller block on Water street has been demolished this week and considerable of the material carted away.

The Past Noble Grand Association of Mount Hope Rebekah lodge entertained the Past Noble Grand Association from Mount Pleasant lodge, of South Paris Thursday evening at a banquet at Odd Fellows hall. A sumptuous menu was served to which ample justice was done. The table was attractively arranged in the shape of a cross, the center being a potted plant in the lodge colors, pink and green. Ribbons of the two colors formed other table decorations. Mrs. Dora Brett, Mrs. Gertrude Hosmer and Mrs. Linnie Bartlett were the committee for the supper. During the evening guessing contests and an interesting variety of games were in order, arranged by Mrs. Maude Deoster, Mrs. Annie Sessions, and Mrs. Harriet Brown. Before the departure of the guests sherbet and cake were served. The visiting Past Grand was Miss Carrie Hall, Mrs. Mary Buck, Miss Mrs. Leach, Mrs. Lillie Millet, Mrs. Hat-

tie Dean, Mrs. Emma Mann, Mrs. Sophia Clark, Mrs. Emma Park, Mrs. Sarah Parlin, Mrs. Nellie Andrews, Mrs. Augusta Bean, Mrs. Annie Farrar, Miss Annie Morse, Mrs. Inez Hollis, Mrs. Grace Millett. The local Association was represented by Mrs. Effie I. Akers, Mrs. Eva M. Kimball, Mrs. Leona Tubbs, Mrs. Maggie Libby, Mrs. Gertrude Hosmer, Mrs. Maude Deoster, Mrs. Ella Harlow, Mrs. Alice Danforth, Mrs. Cora Kimball, Mrs. Harriet Brown, Mrs. Annie Sessions, Mrs. Gertrude Hosmer, Mrs. Dora Brett, Mrs. Linnie Bartlett, Mrs. Emma Cullinan. The evening was one of the most pleasant of the winter's gatherings.

The piano forte pupils of Miss Pearl F. Cook gave their annual recital at the grange hall Thursday evening. The hall was filled and many extra chairs had to be provided. The program was finely rendered and was one of the finest ever presented. The stage was well supplied with potted plants and the acts of the program were well acted. Those on the program were Madelyn Hayden, Lucy Witt, Elizabeth Conary, Emily Everett, Albert Clark, Doris Annis, Cora Frost, Ruth Tracy, Norman Goodwin, Downing, Nellie O'Leary, Ellen Prince, Wilma Caley, Celestine May, Doris McAllister, Alice Card, Lillian Everett, Dorothy Goodwin, Nellie Glines, Eleanor Smith, Edward Littlefield, Doris Boes, Mildred Huff, Doris Kilgore, Charles Dorothy Wiles, Frances Truman, Myron Gilman. Before the first and second parts, a musical selection was an enjoyable feature. Kenneth Goodwin, soprano, Herman Judkins, violin and Albert Clark piano. They were recalled several times and responded to an encore.

Order and a new underpinning has been in Mr. and Mrs. Lovell O'Leary went to Portland Monday with their young son, Burton for consultation with a specialist at the Children's Hospital. The child has been in serious condition from numerous convulsions while teething.

Elden Stevens has received word of the critical illness of his eldest son Philip Stevens in Arizona. The young man has traveled over the United States and in several foreign countries since leaving Norway several years ago.

Mr. and Mrs. Fred DeGroteau of South Paris were guests at William E. DeGroteau's Sunday. They also called on Mrs. W. E. DeGroteau at the Hebron Sanatorium.

Horace Kimball has graduated from the Ford class and purchased a new Chevrolet.

Harold Bailey appeared on the street this morning. Main street was cleaned by the rotating brush after the dust was removed. Grocery stores handling milk and open a short time Sunday morning for that purpose, remained closed last Sunday after due notice had been given their regular customers. It is expected this summer at least.

Donald Everett was a happy boy Saturday morning. He was enjoying the spring fishing out by the corn shop near the logs. All of a sudden he had a big strike and pulled in a Red Spot Trout that weighed 2 pounds and 6 ounces. Don said he thought he had a bass but was so surprised to find it to be a larger one and had them mounted but this one he was going to eat.

Mr. and Mrs. V. W. Hills, Miss Edith M. Smith, Miss Della Noyes and Mrs. Mary Briggs enjoyed an auto trip to Portland Sunday where they spent the day.

TAXATION AND HIGH COST OF LIVING

Senator Wm. E. Borah sent a blistering letter to a Post of the American of Honor in Idaho who wrote him threatening to defeat him for reelection for opposing the infamous bonus bill. It should be read by every lover of his country. The senator says:

"I have taken this position after great consideration and with much reluctance. I understood perfectly the criticism it would bring and the condemnation it would invite. I would not under such circumstances, have adopted such a course had I not felt it was a righteous one, I cannot change it."

"And yet I would do anything within my power which I felt was in accordance with my duty here to retain the friendship and respect of the former service men. There is no body of men in my state for whom I have greater respect or admiration. Why should I offend them, either for personal or political reasons."

"If I wanted to stay here at the price of my convictions, I would have been one of my first purchases of political power which I should have contracted—this would have been one of the first compromises I should have made. It would have been most agreeable personally and it would have been advantageous doubtless politically. It is your privilege to condemn my course. But I beg you to know that it was taken with as much personal regret, yes, with more personal regret than any position I have taken in the Senate. I felt that I could not do otherwise."

"But one thing neither you nor anyone else will be able to say, and that is that I ever sought to purchase political power by the purchase of political office by putting \$4,000,000,000 upon the backs of American taxpayers."

"I haven't much respect for the man who buys office, even though he pays for it with his own money. But the more shifty creature which disgraces American politics is the man who buys office by paying it with appropriations out of the public treasury and charges his venal political obligations to the taxpayers."

"If I thought this measure a proper one I could and would vote for it. But believing with thousands of former service men who have written me that it is not a proper one, if I should vote for it, it would be a simple matter of barter in which I use the people's money to buy somebody's vote; in which the account of my political expenses would be charged to the taxpayers."

"Of course you understand, that I have at all times supported and stand ready to support any measure which will help the disabled veterans."

The country is in no condition to pay such an enormous sum at this time as would be required. The measure is fraught with peril in more ways than one. It's a gigantic effort to buy up the Legion is purchasable. The Congressmen who voted for the measure have showed no statesmanship or regard for the welfare of the country and should be beaten when they come up for reelection. There are three in Maine—the first to be voted for in September. They should get a stinging rebuke. Comment. Chairman Anderson of the Congressional Committee of Inquiry relating to agricultural affairs says in his report that transportation rates are much too high and should be reduced. The "pyramid" percent advances or freight rates during the war and following years caused dislocation of the relationship in long standing rates in different industries, the term but "high boosting" would be more comprehensive to the general mind. Some other things were also "pyramided" out of sight and have not yet come down to be seen with anything less than a telescope. Comment.

The American Dyest Industry wants a higher tariff so as to shut off foreign and especially German dyes. If the Congressmen who wear silk stockings would visit a wash woman on a Monday they might get a practical lesson as to how much more and all the American manufacturer of dyes should have to force a product upon the public, which colors the water and fades with every washing. The German dyes have the merit of fast colors with the American dyes. Comment.

Norway seems to have been lavish this year in the appropriations for investigation certain matters for town and corporation. We do not assume that it will all be used. But did it show good business sense to make any plans toward the erection of a high school building with Paris, for the two villages lit it was certain that such a project was feasible. As the Paris town meeting the project has informally voted down three or four to one. There was never any sound reason for the movement. The conditions were and are not, except theoretically practical. When Norway and South Paris villages are ready to unite and form a city such a proposition would have weight. In the meantime Norway has already the best location for a High School in either village where it is. It looks like good common and business sense to enlarge the present building, add a room is needed and to build in another part of the village for the smaller grades.—A Citizen.

THE son of the richest man in the world
I said it was the great regret of his life that he had never been obliged to overcome obstacles as his father had. You say the bestowal of sudden wealth would make you happy. No, it wouldn't. If you really want to enjoy wealth, pitch into every obstacle; overcome it; gain the mastery of yourself. Thus did Rockefeller, Edison, Schwab and countless others. And, speaking of obstacles, would you let any block your way to the bank receiving-window?

Here's a Beautiful Roof

SO good looking it adds a touch of prosperity to any residence. Colors—natural slate green, red, or black.

So long wearing it will pleasantly remind you of its economy for years to come.

Bird's American Twin Shingles are really two shingles in one, easily picked up and laid with one hand, and self-spacing. 10" in length. They will not catch fire from falling sparks. Made of the same materials as Paroid Roofing.

We know from experience that Bird's American Twin Shingles make good—that's why we sell them.

A BONANZA FOR THE BOY SCOUTS
OF OXFORD COUNTY

Through the generosity of L. C. Bates of West Paris, it will be possible for the Boy Scouts of Oxford County to have the most ideal location for a summer camp that can be imagined.

Mr. Bates has bought a tract of land on the shore of North Pond, near Locke's Mills, and has offered the free use of it to the Boy Scouts for their use as a summer camp. This tract contains about 120 acres of land, about one third of a mile across front on the pond, and with an ideal place for swimming, boating, fishing track running and for all of the things that boys love to do.

It is hoped that a very large number of Boy Scouts will be able to enjoy the use of this play ground during the coming season, and plans are now being formed for that purpose. While there is a two story house on the property, which will be used, it is the plan for tents to be used in addition and everything done for the pleasure and profit of the boys that can be afforded.

The boys of this County are exceedingly fortunate to have this opportunity, and not only the boys, but their fathers and mothers should appreciate the generosity of so kind-hearted a man as Mr. Bates. It is hoped that others will follow, and be generous also and contribute freely for this purpose and become acquainted with the work of the Boy Scouts and what they really are. An organization known the world over, and whose numbers in the United States alone is larger than our standing army and navy, and whose motto is "to do a good turn daily" in addition to all other lessons they have to learn, cannot fail to become a tremendous influence for good, which will have its effect on future generations.

PORTER

Mrs. Lydia L. Rounds.
Lydia L. Rounds passed away Tuesday evening, April 25th at 8 p. m. after years of sickness and suffering. She died at her home in Porter at the age of 70 years, 11 months, 14 days.

Mrs. Rounds was the daughter of Robert and Eliza M. Lord Sargent and was born May 11th, 1851 on the same farm where she has lived all her life and died.

She was married to John S. Rounds by Rev. Alphonzo Davis. Mrs. Rounds taught school both in Porter and Hiram.

She was a member of the Patrons of Husbandry. Besides her husband, Mrs. Rounds left one brother, Fred W. Sargent.

Funeral services were held at her home on April 30, officiated by Rev. Wm. Cotton, the remains being buried in the family lot on the farm. Charles McDonald, Charles Trueworthy, Frank Robbins and Levi Cook were the bearers.

Mr. and Mrs. Sheridan Fox have been very sick during the past week. Sheridan Fox was suffering from an attack of acute indigestion and Mrs. Fox had bronchial pneumonia. Mrs. Louise Lord is the nurse.

Rev. Wm. Cotton was the guest of John Bradeen over Saturday. Rev. Wm. Cotton conducted the funeral services of Frank Cotton on Sunday afternoon. Mr. Cotton passed away on Wednesday at the home of Miss Ruth Clemens where he made his home.

Oliver H. Chapman has sold his puppies to a Massachusetts party and bought a pair of fine Hereford steer calves.

The family have moved on the Ed Lord farm, so-called. The goods were conveyed by auto truck from Portland.

Catarrhal Deafness Cannot

Be Cured

by local applications, as they cannot reach the diseased portions of the ear. CATARRHAL DEAFNESS requires constitutional treatment. HALL'S CATARRHAL MEDICINE is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRHAL MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing inflammation and restoring normal conditions.

MRS. ALEXANDER BRADLEY'S FIVE-YEAR-OLD DAUGHTER DANGEROUSLY ILL

Here is a little bit of true life put into a letter. Mrs. Alexander Bradley of Danbury, Conn., says: "After 14 long years trying different remedies I have at last found a good medicine—Dr. True's Elixir."

"I was nearly discouraged. I was giving the oldest girl something nearly every night, but now I keep a bottle of Dr. True's Elixir handy, and only give it occasionally."

"I have tried so many things but now as soon as I see signs of worms I give Dr. True's Elixir for quick relief."

"My son, 14 years of age, was always troubled with worms when small and 'Dr. True's' was unknown to me then. I always have it on hand now, as I have another small child. They even ask for more. Now please print this letter so other anxious mothers may know the good results which follow Dr. True's Elixir for children suffering with worms and constipation, as I cannot recommend it too highly."

Symptoms to watch: Constipation, offensive breath, swollen up-

per lip, deranged stomach, occasional pains, pale face of leaden tint, eyes heavy and dull, twitching eyelids, short, dry cough, grinding of the teeth, red points on the tongue, starting during sleep, slow fever.

A great deal of sickness comes from irregular bowels, a vital part of the body. At the first signs of constipation give Dr. True's Elixir—for it is the right kind—pleasant to take, with no griping or distressing after-effects.

A well-known New Yorker writes "While visiting in historic old Plymouth, (Mass.), my family became acquainted with your Dr. True's Elixir, the True Family Laxative and Worm Expeller. It does all you claim for it in aiding digestion and relieving insomnia and constipation. Please ship me six large size bottles, for mother is in need of it."—Wm. I. Ralph.

Nearly every grown-up as well as every child needs a laxative. Keep the bowels regular by using Dr. True's Elixir. 40c—60c—\$1.20.

DEMON RUM

I'm really glad the time has come when we have crushed the demon rum. When men have seen its worthless worth. The greatest curse upon the earth.

I've seen enough in bygone years. Of starting babies and women, And deeds that cruel men have done. When their brain was crazed with rum.

I signed the pledge when but a boy, Tonight it fills my heart with joy. To lay the lion in his den.

With the power of a pen. You've drunken home you know, Your victims fill an early grave. You've ruined many a wretched soul. So down with your poisonous brew.

Then onward, onward with the fight. We'll close the lid down good and tight. We'll shout and ring the old church bell, And toll with joy his funeral knell.

We'll sing it to the birds and bees. We'll hum it to the evening breeze. We'll laugh and sing and hope and pray. That demon rum is down to stay.

LONG ARM OF CRIME

Many people imagine that the reign of crime in our great cities has no effect upon our rural population. But they are in error.

Crime extends its paralyzing blight even to the remotest crossroads of the backwoods country.

The press of the cities is filled with the exploits of criminals. These papers are read broadcast. To the young fellow just approaching manhood there is a certain glamour attached to these lurid newspaper stories which gives to the criminal much the aspect of a hero.

This atmosphere can not be other than degenerating to the young mind just approaching maturity, especially if the youth weak minded and inclined to be wild.

There is yet another side to the story—a pitiable side to any man who is blessed with a sense of righteousness and a desire to see justice prevail. Judges frequently owe their elections to politicians. The politicians owe their power to the gang. The gang demands that lenience be shown certain criminals with a pull. The politicians O. K. their demands, and we have a strong suspicion that judicial necks are bowed to the yoke in fear of disaster at coming elections. An endless chain, with powerful links pulling for the criminal at the expense of law and order.

These sordid facts are played up by the city press, are read with avidity by the young men of the country, and either inflame the juvenile imagination or destroy respect for the courts. The long arm of crime extends to greater lengths than that of the law.

THE BEE

A bee, unladen, can fly 40 miles an hour. Bees suck over 3,000,000 flowers to gather one pound of honey.

The sting of the bee is only 1-32nd of an inch long. The carpenter bee burrows and builds rows of cells in solid wood.

The bee, is proportion to its size, is 35 times as strong as a horse.

The working bee lives six months, the drone four months, the queen four years. The male of the honey bee comes between the queen and the workers in size, and is stingless.

The "leaf-cutter" bee is a very skillful artist. So exact are the circles she cuts that a compass will fail to detect a fault.

Many foresighted thinkers believe that the great war just ended is only a prelude to a greater one yet to come. Unfortunately, however, the Lord doesn't tell all that he knows.

Community Club

One of the most enjoyable meetings of

the Community Club was held Tuesday

afternoon at Engine House Hall, and one

which anticipated for Mrs. Frederick P.

Abbott of Stoughton was scheduled to give

an address on "Hail Blythe Birds." There

is probably no woman in the State of

Maine, who knows more about birds,

plants and birds than does she. She can

instantly call the names of all leaves and

flowers, and is familiar with all varieties

of mushrooms. Her fondness for birds is

pronounced, so Tuesday afternoon, she

appeared before the ladies in her sweet,

winning way, and with quite a variety of

birds displayed on the table before her

she imparted the story of "Birds, Blythe

Birds" with all its wonderful bird lore,

which after all is amazing. Such a story

midst the toil, stress, hustle and bustle

of life at the present time, gives one a

restful feeling, a sweet calm, "some-

thing" that only nature can impart. She

emphasized the fact of the mother birds

protection and care of her family brood

that besides singing the most beauti-

ful songs in the world, birds exhibit other

knowledge as well.

Mrs. Abbott is former president of the

Maine Federation of Women's clubs, and

president of Maine's Parent and Teach-

er's Association at the present time.

Tuesday forenoon Mrs. Abbott most

kindly gave splendid bird talks to pupils

in the brick school and in the afternoon

to pupils in Paris High school.

The Community club surely appreciates

Mrs. Abbott's coming, and her splendid

and most interesting address which closed

the season's program will long be remem-

bered.

MICHELIN TIRES & TUBES

Five rolls of linoleum weighing 700

pounds each have arrived and will be

laid in the Odd Fellows Hall.

Lena L. Franck, principal of the brick

School has been in Salem, Mass., called

there by the illness of her sister, Mrs.

Lida Fletcher substituted in the eighth

grade during her absence.

Mr. and Mrs. Harry M. Wheeler and

two children of Wakefield, Mass. arrived

by auto Saturday. They were accom-

panied by Mr. Wheeler's father, P. E.

Wheeler. They are spending a few days

at their camp at Shag Pond.

Spring Medicine

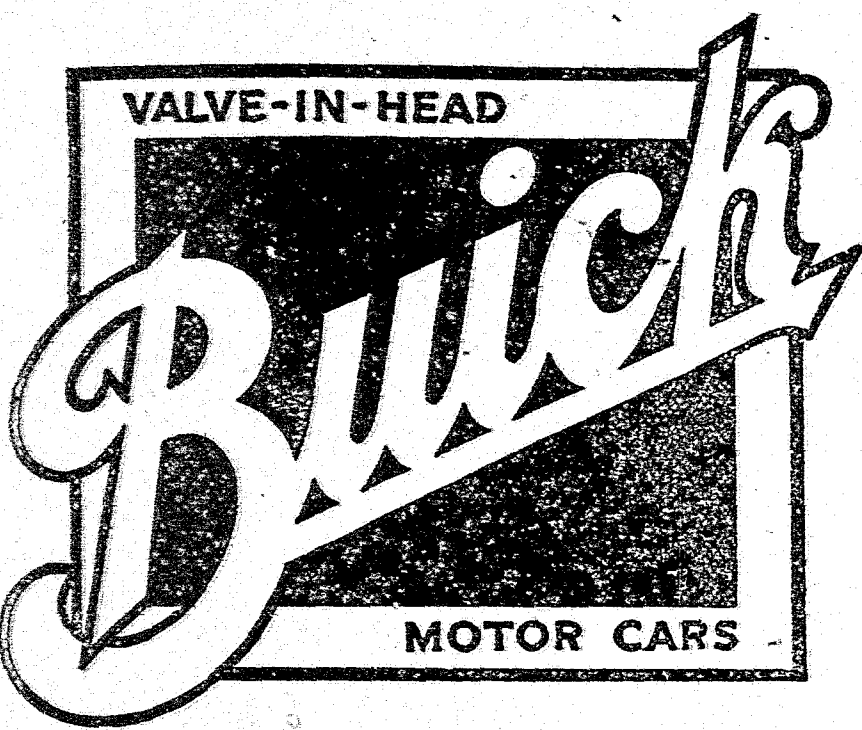

Now Needed by Nearly Every One to Purify the Blood and Build Up Strength.

Few come to these trying spring days without weariness, debility, that "thired feeling," caused in large part by impure, de-vitalized blood. Change of season often "takes the strength out of me," as many people say. A blood purifier needed is Hood's Sarsaparilla. It

quickly dispels that exhausted feeling, enriches the blood and benefits the mental, muscular and nervous systems. In a word, says a druggist, "Hood's Sarsaparilla is our most dependable restorative." Only the best tonic and purifying ingredients used—roots, herbs, barks and berries, such as physicians often prescribe. A record of 46 years successful use. It will do you good. Try it this spring. A mild laxative, Hood's Pills.

Hood's Sarsaparilla

IS THE IDEAL SPRING MEDICINE.

THE RELIABLE BUICK

TRANSMISSION IS A FEATURE OF

The Buick "Four"

The same quietly operating, dependable transmission that has been so pronounced a feature of the Buick Six, is employed in the Buick Four. The design is the same—the quality is the same—Only in size is there any difference.

Every part of the remarkable line of Buick four-cylinder cars is as distinctly Buick as if the name were stamped upon it.

And back of every Buick car is the skill and experience of 20 years, combined with unparalleled manufacturing equipment facilities.

Sold Everywhere—Why?

In Every Country Store as Well as City Drug Stores

Ballard's Golden Oil

will be found. It is a Standard Remedy, time-tested, and the "Emergency Bottle" in thousands of households. Best for Croup, Coughs, Colds, Grippe, Colic, Spasms and Strains—all Inflammation. Oils and gums—no alcohol or drugs—keep it in the house.

Are You Feeling Fine and Dandy?

IF NOT—WHY NOT? When you get up in the morning with a dark brown taste in your mouth, your tongue furred, and you feel headachy or nauseated, there must be a reason. Have you been overeating of rich and indigestible foods, too much pastry or sweets? Eating too fast, without chewing your food properly, or eating when over-tired and unable to digest? If so, reform your habits, but don't try to drag through the day feeling blue and grouchy—get a bottle of "L.F." Atwood's Medicine and take a dose to assist nature to get your digestive apparatus functioning properly. It acts promptly as a laxative and will help to free you of biliousness. 50 cents at your dealer's. "L.F." MEDICINE CO., Portland, Maine.

FRYBURG

Women's Literary Club

The Fryburg Woman's Literary Club held its last meeting for the season on Friday afternoon, May 4. Mary E. Woodward, the president, was in the chair and opened the meeting. There was a large attendance of members and friends. Mrs. John Z. Sheild and Miss E. Caverly of North Conway, N. H., were among the guests of the club at this meeting, and also Miss Flora Gatchell of Brownfield. A tea was served at the close of the meeting. The literary exercises were arranged and conducted by Mrs. Edith Jameson, chairman, of the Sixth Literary Committee, with Mrs. Lillian Hutchins in charge of the music. The programme, which was devoted to the general subject of "Resources of Community Standards," was very interesting and was as follows:

Music: Vocal solo.... Mrs. J. Curtis Wiley
With Mrs. M. Lord, accompanist
Paper: Community Ideals, Mary E. Woodward, the president of the Club
Music: Piano solo.... Mrs. Mary W. Lord
Paper: What are our resources in the library?
Miss Harriet L. Abbott
Paper: What are our resources in the library?
Music: Vocal solo.... Mrs. J. Curtis Wiley
Previous to the giving of the programme, Miss Caverly, who is connected with Memorial Hospital at North Conway, N. H., at the invitation of Miss Woodward, the president of the W. L. C., made a few remarks concerning the hospital and its good work, and invited the members of the Club to visit the institution next month.

Mrs. Ernest Weeks and son Eugene Weeks of Parsonsfield are visiting Fryburg, where they are the guests of her parents, Mr. and Mrs. Nathaniel Walker. Mary L. Gordon has been visiting Portland for a few days where she was the guest of relatives.

Mrs. Kimball of South Paris is employed at Mr. and Mrs. Richard Stiles.

Caroline Carman is on the sick list.

A large number of local people attended the drama, Cranberry Corners, at the grange hall, West Poland, Tuesday evening. The play was given by the same cast that presented it in Robinson Theater in January. Specialties were given, between the acts by Mrs. Gordon Noyes and John C. Quinn. Dancing was enjoyed after the drama, Whitman's orchestra of Mechanic Falls furnishing the music. The proceeds will be added to the monument fund.

Carroll Curtis and James Quinn have purchased a Buick automobile.

BEAD TRIMMINGS FAVORED IN PARIS

There is certainly nothing new about beaded embroidery, beaded fringe and beaded belts, yet every dressmaker in Paris has used them extensively for the last two seasons. However, when one sees Jenny's frock and her beaded models they look new and are in evidence and they offer good combinations, for the beads and laces separately have been greatly used. By putting the two together a new effect is accomplished. Glass beads, wooden beads, pearl beads, coral beads, steel, china, galath beads, gold, silver, rhinestones, and every imaginable bead is used by Jenny, who has embroidered gowns of gorgeous colors in crystal beads. White dresses, which will be extremely popular, are embroidered in colored beads. Then there is the fancy beaded belt with a large motif either in the center of the low waistline or at the side where the draperies are caught.

Worth has also permitted beads, pearl and coral, to play a preponderant part in the embroideries, and luminous stress is put on the dress in two lacquered satins, one black, the other red, draped at the side with a gorgeous beaded red ornament with fringe of various lengths. A gown named the Micado, in black armor, also draped on the side, has the corsage striped with white beads embroidered in the manner of a galleon. Pink coral velvet, forms the bottom of a bell-shaped sleeve, and this is embroidered again with the same white beads.

Dracoll exhibited quite a few heavily beaded gowns, a striking one being made of black beads of the long-fluted variety, combined in circular designs. Even the sleeves of this gown, which were long and tight fitting, had the same motif. Another stunning gown was made entirely of crystal beads on white satin.

An interesting suit at Jenny's had a border of pearls about it, with the material cut away where they were inserted.

RECIPES FOR PIES

Lemon Pie—The juice and grated rind of one lemon. Dissolve one and one-half tablespoonsful of corn starch in cold water and stir into one and one-half of boiling water, add one cup of sugar. When cold add the beaten yolks of two eggs and lemon. Beat the whites to stiff froth, add two large spoonfuls of sugar, spread this over the pie when baked and brown lightly in oven.

Cocoanut Pie—One cup of cocoanut, one pint of milk, two eggs, salt, scald coconut in part of milk, then add rest with yolks of eggs, sugar to taste. Bake in a custard pie and frost with the whites of the eggs.

Rhubarb Pie—One and one-half cups of chopped rhubarb, one and one-fourth cups of sugar, one egg, one table spoonful flour, a small piece of butter. Frost with the whites of eggs.

HARTFORD CENTER

Broke Arm

Carl Gammon and George Tucker went on a smelting trip Monday night on the Sparrow Brook near Canton. When they were preparing to return home about twelve o'clock, Carl Gammon in attempting to crank his car, broke both bones in his right arm just above his wrist. Mr. Tucker took the young man in the car to Dr. Bicknell's office at Canton Village where ether was administered and the bones set and he was made as comfortable as possible. It was morning before they arrived home.

A large party of fishermen passed through the place Monday night. The run of smelts is reported very light. Lois Holland picked a beautiful bouquet of white violets April 30.

Mrs. Ella Bartlett Morrill
Friends in town have received word of the death of Mrs. Ella Bartlett Morrill, widow of Edward Morrill, which occurred at her home in Farmington Falls Saturday, April 20 after a long illness. Mrs. Morrill was born in Hartford about 65 years ago, the oldest child of the late Rev. Howard Bartlett and Sarah Oldham Bartlett. The family moved to Farmington when she was a young girl and she has always lived there. She is survived by a daughter and an adopted son, also four brothers, Charles C. of Auburn, Chester of Massachusetts, Dana and Bert of Farmington and one sister Mrs. Carroll Thompson of Farmington Falls, an uncle, C. P. Oldham of Canton and an aunt, Mrs. William A. Nason of Livermore Falls.

Mr. and Mrs. George Randall were called to Hartland by the illness and death of a brother of Mrs. Randall. Mr. Randall returned home Monday but his wife will remain a few days longer. Elsie Moulton who lives with them was the guest of Velma Luce while they were away.

Colin Cadman of Auburn visited his family over Sunday.

An auto party from Auburn consisting of G. E. Marston, Mr. and Mrs. Earle L. Marston and Mr. and Mrs. Chester Morrill were callers on Mrs. H. E. Haines Sunday. They also called on Mr. and Mrs. Frank Stetson of East Sumner.

Sunday guests of Mr. and Mrs. James Irish were his brother Decatur Irish, Mr. and Mrs. James E. Irish, Howard Irish of South Hartford and Miss Brown of Gloucester, Mass.

Mrs. Mellie Irish of Buckfield was a guest of Mrs. Helen Gilman and family, Sunday.

Mr. and Mrs. Oscar Turner of East Sumner were callers at J. Howe's, Sunday.

PLEA FOR UNDERSTANDING

Perhaps the besetting sin of the average American is his imperfect knowledge of economics. He is a splendid business man individually, but nationally he knows little, and consequently many times the government factors that may decide our financial policies operate without either the guidance or the check of public opinion. This is a more serious matter than might appear on the surface. Henry Ford, for example, suggests that the government issue money backed not by the gold reserve but by the power in the great rivers. It is contended that the security of power is more stable and beyond doubt more certain asset than metal. On the other hand, we find the gold worshippers who insist that the yellow metal is the only basis of national stability. Gold production, of course, is quite limited, footing up at most a few hundred millions. But also it is a fact that the water power of the country is not an asset until it is harnessed and put intelligently to work. When we come to consider the production of national wealth, we find that the farms of this country last year produced \$12,366,000; so that this ignoring of agriculture, this turning of the public mind aside from the real American fundamentals means that the powers that be are "monkeying with a buzz saw," playing fast and loose with the heart of the nation. The sooner a basis of understanding be reached between the government and the agriculturalists, the better will all of us be financially, and nothing will bring the dawning of the day sooner than the pressure of public opinion, which in turn can make itself felt only when there is intelligent understanding of our economic structure.

Cotton Petticoat, black and colors, some with fancy flounces, \$1.00, \$1.59, \$1.95.

GREAT DEMAND FOR P. N. PRACTICAL FRONT CORSET

There are many reasons why P. N. Practical Front Corsets are different from other corsets that lace in the front, but there is one outstanding feature. It is the location of the front clasp coming directly in the center of the body. It puts the front closing of the corset exactly where it should be, directly in the front, in the same position that it is found in back lace corsets.

At a glance you appreciate this feature. No longer will you have to suffer the loss of not being able to wear front lace corsets because you can't stand the pressure of the front clasp under the bust. P. N. Practical Front Corsets have solved this difficulty for you. A cleverly arranged inner elastic vest combined with the features of the clasp in the center will open for you a new era in your corset wearing. P. N. Practical Front Corsets will give you that combination of comfort plus style that you have always wanted.

The Price is \$5.00, but worth far more than this, try a pair and you will surely be convinced.

NORWAY AND VICINITY

Methodist Church Notes

A meeting of the official board is called immediately after the devotional service on Thursday evening, May 4th. Important business needs attention. The topic for the mid-week prayer service is "What the Church Can Do For Me."

The Ladies' Aid Society will meet on Friday afternoon in the Community Hall. A reception will be given on Friday evening in the Community Hall to Rev. and Mrs. T. C. Chapman who are just beginning a new year with the church by appointment of Bishop McConnell at the recent session of the Maine Annual Conference held at Auburn.

The attendance at morning worship last Sunday was unusually large. At the Sunday school hour a nominating committee was named by the superintendent Arthur H. Morgan, who are to report a list of officers next Sunday for election by the Sunday school board for the current year.

Next Sunday morning the topic will be "The Cross That Raised Me." The evening sermon will be on the subject, "We Know."

Mr. and Mrs. Herbert Denison of Harrison are guests of Mr. and Mrs. Lawrence Denison, Cottage street.

Mr. and Mrs. James True will close their house on Pleasant street and live with Mrs. Frank Danforth for a time.

Chester P. Gates and family will occupy the Miss Edith M. Smith rent on Deering Street as soon as vacated by the Buswells.

Ernest Mattor has recovered from his accident on the cement road about a week ago. He was knocked down by an automobile while walking early in the evening along the edge of the state highway below Ward 8. No bones were broken, but a severe shaking up and bruises kept him indoors several days.

W. R. Jenkins has bought the Ginn Hotel on Lynn street of Mrs. C. G. Tibbets of Kennebunk. After extensive repairs he will probably rent rooms. The hotel contains some thirty chambers and so arranged with corridors as to make the place desirable for lodgers. He expects to sell his bungalow on Winter street.

Chief Engineer Giles Frost and helpers were called to extinguish a hot chimney fire at Charles F. Ridlon's store, Friday. Prompt work with chemicals kept the blaze from the wood work with no damage.

Bert Flint of East Waterford was in town Wednesday and shipped a porcelain pine from the Flint Animal Farm to parties in Ohio.

Mr. and Mrs. Richard Stiles of Oxford have been here with Mr. and Mrs. Fred H. Cummings since the automobile accident.

The quota for Norway and South Paris in the drive for the Salvation Army was \$500 and the amount was reached. The American Legion Auxiliary had charge of the Tag Day here. A Tag Day was held at South Paris last Saturday. Lieut. Francis who had charge of raising the funds has gone from here to Farmington to superintend the drive there.

Elizabeth Crockett Blake Tent, Daughters of Veterans held regular meeting Friday evening with a large attendance. A full rehearsal was held in preparation for work at the next meeting. At that time a buffet lunch will be served with Mrs. Addie Hill, Mrs. Vesta Smith, and Mrs. Laura Thurston in charge. All members not notified will carry a plate of refreshments. After the business meeting a social hour was in order. Requests to the number of about 75 attending. It was an evening with Edison, a fine machine with records being loaned for the occasion. Ferdinand F. Swan was in charge of this part of the program. A variety of records furnished amusement for a half hour, after which dancing was enjoyed until a late hour.

Harry Rust Women's Relief Corps will hold regular meeting Thursday evening, May 4. Matters of importance will come before the members and plans made for Memorial Day. The committees are busy with plans for the supper and entertainment of May 9th for the benefit of Memorial Day expenses.

Mrs. Oliver J. Foss went to Lewiston Sunday where she had an operation on her hand performed by Dr. Webber for the removal of a wart which had been giving her trouble for some time. The hand is healing and no further trouble expected.

THANKFUL FOR A LITTLE CHILD

Mrs. Mertz Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Kutztown, Pa.—"I wish every woman who wants children would try Lydia E. Pinkham's Vegetable Compound. It has done so much for me. My baby is almost a year old now and is the picture of health. She walked at eleven months and is trying to use her little tongue. She can say some words real nice. I am sending you a picture. I shall be thankful as long as I live that I found such a wonderful medicine for my troubles."—Mrs. CHARLES A. MERTZ, Kutztown, Pa.

Many cases of childlessness are curable. Perhaps yours may be. Why be discouraged until you have given Lydia E. Pinkham's Vegetable Compound a faithful trial?

Spoken and written recommendations from thousands of women who have found health and happiness from its use have come to us. We only tell you what they say and what you have seen.

We believe that Lydia E. Pinkham's Vegetable Compound is so well adapted to the conditions which might cause your trouble that good will come to you by its use.

It is the foundation of Lydia E. Pinkham's Vegetable Compound. It has behind it a record of nearly fifty years.

AS OTHERS SEE IT

A school board recently expelled a girl student because she used talcum powder on her nose. A judge expressed the opinion that the school board was unjust, and regretted that the law did not allow him to interfere. Foolish school board. Many men have greasy and unsightly noses, but women do not care to have them. If talcum powder helps, why deprive them of its use?

Dollars for fiction, but not a cent for truth! That is the mental attitude of some people. They spend their time and money in devouring blood and thunder novels, but never read a line in the Bible. Judges and jailers can tell you a lot about some of these birds.

A doctor held in his hand a glass containing bichloride of mercury, a slow but deadly poison. He sat it down and filled another glass with water to drink. Just when he was about to drink he deposited the water glass by the side of the one containing the mercury. Upon returning from the phone he took a drink from the wrong glass. Six feet of ground. When doctors become so thoughtless they kill themselves with their own poison, why complain of the carelessness of the common herd?

The speed maniac continues to pull of his periodical execution. Often the victim is a little child. The reckless driver who kills a person is but little better than the gunman who blows off another's head. If we prescribe the death penalty for the gunman, we should at least punish the speeder with a long term in prison. When a person becomes a menace to a community the community should be rid of him.

Look at the people around you and size them up according to their deeds. How many of them have a ghost of a chance of getting to heaven unless they make a radical change in their mode of living? Very few, you think. Now look in a better chance has he?

Don't consider yourself a Mutt. There are a few people who know less than you do. Self-confidence is half the battle of life. The man who believes in himself finds little difficulty in inducing others to think as he does. Take a firm grip on yourself. It will aid you in gripping the confidence of others and you will go far.

Think back over the past year. What have you done to improve conditions in the home community? Now think again, and catalogue the numerous opportunities you have allowed to slide by because you "didn't feel like doing it." Other years are yet to come.

BUCKFIELD

Senior Play

The Senior play, "Cranberry Corners" was given Friday night before a packed house. Every standing room could not be obtained. The cast did remarkable work in the interpretation of their characters. To particularize those who took part best would not be justified for all did splendid work. The cast follows:

Tom Dexter Leonard Bonney
Sidney Everett Ernest Berkeley
Sen Latham Bertrand Buck
Andrew Dexter James Emery
Elizabeth Hopkins Howard Parlin
Nathan Speck James Conant
Carolina Bannister Florence Childs
Anastasia Bannister Hazel Tucker
Amelia Dexter Laura Parlin
Mrs. Muslin Nettie Sawyer
Florence Horton Buck
The play will be repeated at East Summer Friday, May 5.

The first drive of cattle for the season passed through here May first.

Guss Wiley is fixing up a house for his hired man. Those that helped him were Clarence Lord, Byron McAlister, Lester Reddiffe, Prudent Bedard and Guss Smith.

Ed Hodgdon has moved into the shop beside Jim Smith's.

Motorists Look for the Lancaster Tread Mark

ON the road—through snow, sand, mud—the Lancaster Tire writes its own record of remarkable performance. It wins its way over thousands of miles of stubborn trails—just as it has forced recognition as one of the few thoroughly dependable tires—thru sheer merit.

The Lancaster "Tread-Mark" is your safe tire trade-mark—a symbol of honest service and assured satisfaction.

LANCASTER success has come quietly—but surely. The best rubber money can buy—and the best cords and fabrics manufactured are built into tough, heavy, wear-fighting tires of extra liberal proportions. Extra good service is the result.

Motorists who try these honest tires rarely fail to tell their friends that "Lancasters do last longer."

Wesley Terrill is confined to the house with a bad throat.

Edwin Farr and Warren Cole were in Mechanic Falls, Tuesday.

Clinton Ray went to Otsfield the first of the week with E. A. Libby's team to move Fred Ray to this place, who has been working for S. O. Hancock the past winter.

Lawrence Emery and Lester Blair are painting Archie Waterhouse's buildings.

A Band Concert was held at the Chapel, Friday evening.

Mr. and Mrs. Archie Waterhouse, Forest Emery, Gladys Bailey, Mrs. Will Storer, Aurena Blair and Ruth McIntire attended the drama at Harris Hill Friday evening.

Mr. and Mrs. Guy Emery were Sunday guests at Alice Thurston's.

Fred Keene commenced work April 24th for Fernald Keene and True Company.

FOREST PROTECTION WEEK

Samuel T. Dana, Forest Commissioner: Governor Baxter has requested that the second week in May be observed as Forest Protection Week in the State of Maine. This is three weeks later and therefore better suited to our climatic conditions than the date set for the country as a whole by President Harding, who a year ago originated the custom of observing Forest Protection Week on a national scale.

There is every reason why the people of Maine should respond heartily to Governor Baxter's request to take thought of the importance of our forests and of the dangers of forest fires. Our State is peculiarly fortunate in possessing forest resources of extraordinary beauty and value. The protection of these from destruction is essential to the maintenance of our prosperity. We are justly proud of our vast powers, of our recreational possibilities, of our industries, and of our agriculture, but the continued development of all these is, to a large extent, dependent on the perpetuation of our forests. Burned or otherwise devastated forest lands store no water, shelter no game, employ no labor, support no industries, attract no tourists.

Last year 362 forest fires burned an area of nearly 70,000 acres and caused a loss of over \$500,000. These fires cannot be attributed wholly to the unprecedented drought. Dry weather may make fires more dangerous, but it does not start them. Matches do that, whether directly or through the medium of cigars, cigarettes, pipes, or camp fires and matches are struck by human beings. Carelessness, not the weather, is the cause of most fires. Maine is generous in permitting both its own citizens and those of other states freedom to enjoy, practically without restriction, its magnificent wild lands. Is it reasonable to ask those to whom this privilege is extended to reciprocate by taking every precaution to protect these lands from damage?

Forest Fire Facts

Everyone knows that "a stitch in time saves nine," and that "an ounce of prevention is worth a pound of cure." Nowhere is this more true than in forest fire protection. Every fire, no matter how big, has a beginning so small that it could be stopped by a child. A few hours later, whole armies may not be able to control it.

Fire is a monster that never sleeps. Each year it destroys or damages enough timber in the United States to build homes for half the population of the State of Maine.

Nearly all forest fires are due to thoughtlessness. Lack of care with matches, smoking materials, and camp fires has turned many a beautiful forest into a scene of desolation.

Good woodsmen know that fire is always dangerous and are correspondingly careful in its use. Here are a few simple rules that will help to prevent damage. Never drop a lighted match into dry grass, leaves, or other inflammable material. Break every match or roll it between your fingers before throwing it away.

Throw cigarette stubs, cigar butts, or pipe heels into water or stamp them out on bare soil or rock.

Never build a large fire in the woods. Small ones are better for both cooking and warmth.

Never build a fire against a log or tree, or on leaves, moss, duff, or other vegetable material. Build it against a rock or cliff, in a pit, in a stone fireplace, or better still in a collapsible stove or other metal container.

Never leave a fire until it is completely out. Quench it with water if possible, if not, bury it with mineral soil. Never scatter the embers or cover them with ashes or with soil containing vegetable material.

Refrain entirely from smoking or building fires in the woods in times of drought. Never pass an untended fire, no matter how small, without putting it out. If it is too large to handle yourself, get help. Remember that a fire put out is a forest saved.

Teach others carefulness. Be careful yourself.

EAST WOODSTOCK

Maurice Benson has gone to Auburn to work at the Pine Tree Academy during the summer season.

Ferry Wilson and family of Oxford were here calling on relatives, Saturday.

Mr. and Mrs. Nelson Perham, Fred Cummings and Alvah Hendrickson were in South Paris and Norway, Thursday.

Leon Poland and family visited his mother and brother in Hartford, Sunday; Saturday night they were in Norway shopping and at Oxford visiting their brother, Gerald Benson.

Will Johnson of South Paris is back as engineer for Mr. Cummings at the Birch mill.

Charlie Cummings caught three suckers Monday.

Oliver Cummings was sick one day recently with an attack of indigestion.

Moses Smith has been in the place sawing wood for A. R. Hendrickson, N. A. Perham and C. R. Wilson.

Freda Bradbury went to Norway, Friday.

George Walton got hit on the finger while playing ball and hurt quite badly, but is not so as to be laid up.

SWEDEN

Black Mountain

The sick ones in this vicinity are all doing nicely.

A number of friends called at the home of Guy Tower on Wednesday evening, April 26th to wish many happy returns of the day to Will Charles and Charles Johnson, it being their birthday.

A Johnny game of cards was played, Mrs. Calvin Briggs winning the prize. Refreshments were served and the party broke up at an early hour.

Charles Johnson has been visiting at E. C. Tower's and Guy Tower's.

The farmers in this vicinity have done little plowing as yet on account of the cold weather.

Joseph Wentworth has had Simon Tibbett's oxen to do some spring work with.

Steam is the perspiration from hot water.

OXFORD

Mrs. George Locke of Bridgton and son Norman Delano were guests of Mr. and Mrs. F. A. Delano for several days last week. Mrs. Locke has had her household goods moved to Bridgton where they have taken a house for the present, as Mr. Locke has work there as a carpenter and builder. Master Norman will remain with his grandparents for a week or more.

Mr. and Mrs. A. J. Holden returned from a trip to Gardiner on Sunday night, where they were the guests of Mrs. Holden's niece, Hattie Andrews. They also attended the Methodist Conference at Auburn.

Charles Y. Francis

Charles Y. Francis, who has been in poor health for several months passed away at his home on Pleasant Street on Saturday night. Mr. Francis was born in Oxford nearly 70 years ago, the son of Boardman and Martha Wardwell Francis.

He married Mattie Edwards, daughter of Briece M. Edwards of Otsfield, who survives him. They lived in Otsfield several years caring for Mrs. Edwards' parents during their life, after which they moved to Oxford where Mr. Francis was employed by the Robinson Mfg. Co. One sister, Mrs. Annie Gibson of Woburn, Mass., and a half sister, Mrs. Iola Millett of Oxford are the near relatives now living.

Mr. and Mrs. Francis had recently purchased the place owned by George R. Morris on Pleasant street and were engaged in the poultry business, he being quite an expert in that business having taken many premiums at the fairs.

Mr. Francis was a kind-hearted man and had many friends. He was a Mason and Knights of Pythias and Odd Fellow.

Mrs. Anna Edwards, who has been an invalid for a long time is very low at her home on High Street and cared for by a trained nurse.

Uncle Moses Spiller of Norway was in town recently calling on relatives. The old gentleman is not very well which is causing his friends much anxiety and sadness as he has always been of pleasing personality and had many friends.

Mrs. S. Andrews and sister Miss Carman, elderly ladies and old residents are confined to their home by infirmities of age.

Cheer up! There's plenty of work ahead for those who hate to see their wives do the hoeing in the garden.

How's Your Battery?

Maybe you've noticed that it isn't turning the motor over as strong as it might, that it hasn't quite the pep it used to have, that it seems to be just a little "off its feed".

That's a signal that your battery needs the kind of attention we give—and probably needs it right away!

Never mind if it isn't a Willard. Bring it in anyway. Here at Battery Headquarters we've had experience in fixing all makes of batteries—and we give them all exactly the same attention.

HIGHWAY CONSTRUCTION PROBLEMS MADE PLAIN

It is high time that the layman be made acquainted with some of the fundamental problems of street and highway construction. He who lives on the street or road and pays the large share of the improvement tax, knows less about pavements than he does about any other thing for which he spends his money. This is not well when we consider the millions being spent annually for street and highway improvement.

It may surprise that man when I say that pavements are damaged as much by natural forces as they are by wear and tear of heavy traffic.

These natural agencies of destruction are water and temperature changes. Moisture swells the soil much as it swells a sponge. This swelling frequently is sufficient to lift the pavement slab. The slab may then be resting on the soil at a weak point of heavy saturation and, at a point not far removed, may be resting on a drier soil of greater bearing power. A load on the pavement under such conditions frequently causes cracking and in some types of pavement, cracking is followed by rapid disintegration.

Moisture makes the sub-soil unstable. Therefore the pavement is not always uniformly supported. It must be realized that the function of a pavement is not to support the entire weight of traffic of itself but to transmit the weight and impact to the soil upon which it rests.

In paving a road over soil that does not easily drain itself—heavy clay for instance—particular attention should be paid to artificial drainage, while adding a little to the first cost, will save ten times as much throughout the life of the pavement by cutting down maintenance costs.

Recent research has developed the fact that placing a layer of coarse material—crushed rock, gravel or slag—between the pavement and the sub-soil, will keep the moisture from rising in the soil, thereby permitting the subgrade to remain stable. Moisture cannot travel upward through a porous material containing such voids as are present in coarse material. There is nothing there to suck it up like a sponge and hold on to it.

The air in the voids also doubtless helps to obstruct the water movement. In winter when oil freezes these voids allow room for expansion, thus preventing heaving and cracking of the surface. Further, such coarse material provides the best kind of a flexible, yet durable base. This small degree of flexibility is necessary to permit the base to adjust itself to the movement of expansion and contraction caused by heat, cold and moisture.

Under certain conditions pavements are contracted and expanded by cold and heat. Rigid pavement slabs, unlike steel for instance, cannot withstand such expansion and contraction without cracking.

Heat of the sun during the day will cause the top of a pavement surface to expand while the cool of the earth on the bottom side prevents expansion. This causes the pavement to warp, sometimes entirely lifting away from the sub-soil in the center and pressing down on it tightly at each edge. At night this is reversed. The cool night air allows the top of the slab to contract while the heat stored in the earth during the day causes the under side to expand. This often lifts the edges from the soil and leaves only the center supported. Heavy loads in the center of the slab during the day and on the edges at night, where such conditions exist, may easily crack the slab.

Because of these destructive movements the rigid type of pavement is losing popularity among many highway engineers. The rigid slab cannot adjust itself to these movements and is ultimately ruined. The need today is for a pavement surface made up of hard, tough units, and the units bound together with some bituminous material so as to provide flexibility or "come and go." This gives a hard, tough surface that will resist wear, tears and impact and at the same time provides a surface sufficiently flexible to move up and down with the sub-soil's heaving, and expand and contract under temperature changes, all without cracking. The cheapest pavement in the beginning is usually the most expensive in the end.

Rheumatism and Dyspepsia are Both Ended

Esteemed Augusta Resident Says
Tanlac Put Her in the Best
Health She Has Enjoyed in
Years.

"Tanlac was just what I needed to build me up and I'm now in better health than I have been for years," said Mrs. Nora Cobb, 11 Howard St., Augusta, Me. "Before I took Tanlac, I had no appetite and the little I did eat caused gas to form and press around my heart until I was in absolute misery. I had severe bilious attacks and felt dull, sluggish and tired all the time. I also had rheumatism in my arms, chest and shoulders and my hands were all swollen up. I was very weak and nervous and at night would roll and toss for hours, unable to sleep. "But it's wonderful how Tanlac overcame my troubles. My rheumatism and stomach trouble are all gone, I feel strong and well and my work is actually a pleasure. Tanlac has relieved my brother, in Boston, of all his troubles, too. It is truly a grand medicine." Tanlac is sold by all good druggists.

HOW YOUR MONEY WILL BE SPENT

Every resident of the United States will contribute \$1.20 this year for the building of good roads by the national government and it must be remembered that for every dollar spent by Washington the States where the money is spent must spend an equal amount. This \$2.40 per person will be the largest outlay for good roads in any single year for more than twenty years. The amount has been fixed by the budget and it is regarded as one too high. Good roads mean the extension and the development of business particularly for the farmer, who after all, is the most important factor in American life. Financially, good roads cost the President, embracing his salary and expenses, cost each resident two and one-half miles per year, so the head of the nation is not an expensive luxury ever—that is, directly. The figures show that for the whole national expenditures the people must contribute each \$33.39 for the year.

OXFORD-POMONA

Oxford Pomona Grange at West Bethel meeting was called to order at 11 a. m. by Worthy Master Hermon Mason. The Worthy Master and Lady Assistant Steward of Pleasant Valley Grange assisted in opening the Grange. Sister Kersell of the National Grange was pianist for the day. Opening song "Come Hither" Chaplin, J. S. Brown; G. K. Adrian Grover. Minutes of the last meeting were read; committee on credentials found thirty-four candidates in waiting; unfinished business was attended to; Proclamation of Governor Baxter was read in relation to Arbor Day. The Grange represented were Paris, Norway, Bethel, Bear Mt., Franklin, Sweden, Pleasant Valley, Alder River, Round Mountain, Bear River, West Paris, Mountain View, Frederic Robie, Pleasant Pond, Buckfield, Swift River.

Report of credentials reported thirty-four in waiting. The degree of Pomona was conferred in full form in an impressive and interesting manner on candidates. They were Electa Chaplin, Ella Sanborn, Sadie Vashaw, Ruth Poole, Frank Vashaw, Jasper Cates, Grace Wheeler, Kathleen Bennett, Bethel Grange; Ruby Lutton, Grace Bennett, Mary Bennett, Mabel Davis, Geraldine Valen, Richard K. Jordan, Leon Davis, Albert Bennett, Pleasant Valley Grange; Hazel G. Morse, J. Wesley Wilson, Mrs. J. Wesley Wilson, Hazel Kimball, Mrs. E. F. Wentworth, Earl H. Jordan, Mountain View Grange; Doris Bradley, Doris Merrill, Celia Hancock, Alice Lewis, Thelma Bradbury, Lester Richardson, Carroll McCosta, Fred Noble, Norway Grange; Ober Kimball, Waterford; Mildred Cummings, Round Mountain.

A recess of 1 1/2 hours was taken for a social dinner hour. Pleasant Valley Grange certainly was equal to the occasion and "fed" the multitude. Afternoon Program: Opening song, America. Worthy Lecturer, Bertha Mundt gave an address of welcome in a very finely rendered original poem written by her.

Song, encore. Clara Mason Pianist. Sister Kersell Address. Dr. A. O. Thomas, State Sup. Schools. His introductory remarks were facious and full of pointed wit, and after that got down to his subject so near to his heart "Education" and in many reference on the many angles of viewing life brought so many plain truths in a comprehensive manner. It was not possible to exhibit his educational pictures at this time, and much regretted owing to lack of electric lights. Dr. Thomas' presence was much appreciated and will act as an incentive to greater effort to advance education and community improvement. High ideals, the highest; were visioned as possibilities of the future. A short informal reception was given Dr. Thomas.

Piano solo encore. Gerald Cushing Reading. Addie K. Mason Reading. Chester F. Fair, A New School Marm. Doris Ordway, Edmund Spauld and John Mather. This was a laughable affair.

This was one of the largest attended Pomonas, a real epoch making day in the annals of the Grange. The next Pomona will be held with Crooked River Grange, Bolster's Mills the first Tuesday in June.

BATES—WEST PARIS

Grange Meeting

There was a good turn out at the all-day Grange meeting last Saturday. Over a hundred sat down to the tables at noon to a feast of baked beans, scallop dishes, whipped cream cakes, custard pies and a variety of other "good stuff" sandwiched in. There were about thirty-five guests from Norway Grange.

The program was open in the afternoon and some who were not members of the Grange were present. The lecturer Rev. H. F. Aldrich opened the meeting with music following with an open discussion with several questions, some of which were: How to Obtain New Members and Attendance? How to Interest Young People? Are there too many organizations, etc.; with a lot of fine musical selections by Mrs. D. A. Grover, Mrs. Leah Waterhouse, Mary Patch, Warren Stearns, Olga McKee, Sylvia McKee and Margaret Lane, violins; Louise Peabody vocal, also several recitations by children and A. E. Marshall. The Norway visitors Mrs. Brown, Mrs. Sabina Jackson gave fine readings, also several speeches from the visitors. The speaker for the day was Dr. Goodrich of the State Health department, who gave a fine address for thought and instruction.

Twelve members from this Grange attended Pomona at West Bethel Tuesday, and a good delegation visited Pleasant Pond Grange Wednesday by invitation and had a fine time.

Arthur Ricker of Bristol, N. H. recently visited his parents, Mr. and A. J. Ricker.

Rev. and Mrs. H. A. Markley and son Henry were here last week packing up and moving away from their household goods. Mr. and Mrs. Howard C. Lane are going to occupy a few rooms in the rent vacated by Mr. Markley until they can repair their home that was ruined by the big fire last winter.

Mrs. Kate Whitman has taken the little motherless baby of Wm. H. Pratt's to care for.

M. S. Bubier attended the all day Grange meeting last Saturday and church Sunday morning. People are glad to see him able to be about again after his hard all winter illness.

Mr. Watson of Boston is visiting his wife at Mrs. E. S. Farnum's.

Mrs. Vernon Ellingwood and son recently visited Mrs. Lottis Coffin.

Mr. and Mrs. George Coffin started for Prince Edward Island Monday by way of Portland. They sold their goods by auction last Saturday.

The Public Library meeting Monday evening was postponed to next week Tuesday evening, May 9th.

Frank Webb of North Paris has bought the two cement house, better known as the "old butter factory" of the Emily Field heirs and intends to move into it right away. Mr. Webb is the executor at the cemetery and this will make it easier for his work there.

NORWAY AND VICINITY

The twenty-eighth anniversary of the Norway fire was Tuesday, May 9. Metal shingles are being laid on the roof at Dr. Arthur W. Easton's residence. Leon M. Longley & Son have traded their Ford truck for a later model of the same make. The "tin wagon" had been used seven years in his plumbing business and covered long distances. Only five drivers have handled the steering wheel during that period, with a total of approximately 50,000 miles to their credit.
Wilson Bartlett, who was knocked down and run over by an automobile on Pearl street last week, has recovered rapidly and no serious trouble has developed. Claud Snow has bought a Ford and is building a garage to keep it in near his home in Cummings Place, just off Whitman street.
The selectmen have posted signs in Wetherell Park warning motorists against parking cars there or driving across the property.

A Ford coming from Deering street went head on into an Overland on Main street early Monday evening. The latter car was proceeding slowly up the street when "Lizzie" skipped out unannounced. Little damage was done but an argument resulted. After the drivers cooled off they agreed to call it "quits," each to settle his own damage.
Trout are biting well in Lake Penesseewassee and several weighing from two to three pounds have been landed the past week.
Mrs. Fred E. Drake returned to Massachusetts Thursday with her sisters, Mrs. Frank P. Knight and Mrs. Howard Winchester, where she will spend several weeks. Mr. Knight remained in Norway for a few days with Dr. Drake.
Mr. and Mrs. John H. Fletcher were in Westbrook Sunday to attend the funeral of her sister, Mrs. Phyllis Delancy who passed away May 5th at the Hebrew Sanatorium.

At the Sunday morning service of the St. Lawrence Church, Portland, Rev. Robert J. Bruce, read his resignation to become effective September 1st at which time he will become pastor of the Plymouth Congregational church at Syracuse, N. Y.

Ulra Kerr has finished work as clerk at Fletcher's Candy Store.

Oxford Council Royal and Select Masters will hold their regular meeting in Masonic Hall this Friday evening; work in the first two degrees.

Mrs. Ellen Stearns, who has spent the winter with her daughter, Mrs. Carl Stone at Indianapolis, Ind., returned home Thursday. Her son, Albert J. Stearns, met her in Boston.

Gould & Weston shipped two car loads of live stock from South Paris Monday. Among the lot were three pair of Oxen from the Hayes Bros. farm, Oxford. One of the pair gilt 8 ft. and 3 inches and were said by the dealers to be among the best they ever shipped.

William Jenkins is having the former Ginn Hotel on Louisa street repaired and thoroughly renovated. Wall paper has been removed from twenty-seven rooms, walls are being plastered and painting is to follow. A flush closet and bath room are among the modern conveniences and electric lights will be installed. F. G. Smith & Son are doing the plastering and repairing the chimneys.

W. P. Tubbs has a saw mill completed in the rear of the sawshove factory for the manufacture of ash logs into skis and shoe frames.

Melvin "Cappy" Smith has bought a Ford touring car and converted it into a truck to be used in the business carried on by F. G. Smith & Son.

Joe Dubey is putting in new water pipes at Frank Hurd's residence. The pipes being removed were put in when the Norway Water Co. installed their system throughout the village some thirty-six years ago, and are among the last in use during the long period.

Among those attending supreme court this week at Rumford are Deputy Sheriff Harry O. Stimson, William W. Gallagher, Hon. A. J. Stearns, E. F. Smith, Esq., and Wilfred G. Connor.

Mel Sampson, "The windiest year I ever saw. For twenty-six years I have been acquainted with this lake up here and this year since the ice went out, there have been only three days that a row boat could live on the lake."

Mrs. Simeon Harriman plans to hold an auction a little later on and not sell under private sale.

Mrs. William C. Leavitt is spending a few days with her father J. Y. Keazer at Colebrook, N. H.

At the meeting of Mt. Hope Rebekah Lodge Friday evening, the work was completed on two candidates. Following the meeting a buffet lunch was served.

The Rebekah District meeting will take place at West Paris, May 16, and a large delegation are planning to attend. L. J. Brooks, J. E. Everett, D. M. French, Will Hascall and N. E. Carroll are the transportation committee.

Ada Grover of Tucker street is visiting her mother, Mrs. Burgess, at the Bethel.

Dr. and Mrs. Herman L. Bartlett are in Boston, the guests of their son, Dr. Donald S. Bartlett and family. They made the trip in their auto.
